Revamping of sick fertilizer plants

*92. SHRI SURAJ PRASAD:
SHRI INDRADEEP SINHA :

Will th? Minister of AGRICULTURE be pleased to state :

(a) whet *it* a study on fertiliser pla tsored by the Bureau of Public Enterprises (BPE) in 1984 has recommended revamping of sick I izer plants; and

(b) if so, what are the d> tails of the report and what steps are being taken for its implementation?

THE MINISTER OF AGRICULTURE (SHRI BUTA SINGH): and (b) A study on 'inter-firm comparison' of fertiliser plants was undertaken by the Bureau of Public Enterprises during 1985. Among other jgestions, t! e study team recom- (id"d a rehabilitation package for onically sick plants and the tasks to be undertaken for reviving theseunits to achieve higher capacity utilisation.

Ev;n prior to this study, Govern-at has undertaken effective steps to improv: the capacity utilisation of those plants which were operating at low capacity. Some of the steps already taken w~re sanctioning installation of captive power plants, replacement of old equipments and r..vamping of som~ units. These activities are b.ing continued wherever need is felt wita a view to improving capacity utilisation. Suitable provision for funds has been made for rehabilitation of the old and sick units during the 71!: Plan.

T.V. programmes in regional languages

*93. SHRIMATI SUDHA VIJAY JOSHI :
SHRI KALPNATH RAI :

Will the Minister of INFORMA-TION AND BROADCASTING be pi eased to state :

(a) whether Government are taking any steps to produce more T.V. programs s in regional languages and telecast them from the respective regional TV stations; and

(b) if so, what are the detail t lereof ?

THE MINISTER OF STATE OF THE MINISTRY OF INFOR MATION AND BROADCASTING (SHRI V.N. GADGIL):(a) and (b) As a matter of policy, Doordarshan encourages regional Kendras to pro duce programmes in the language of the respective regions. All full-fledg ed Doordarshan Kendras are putting out service, mainly in their rcspectiv: languages, for duration of about 3 hours daily. To utilis . riiumof T.V. for aiding the achievement of various national objectives, it is necessary to create facilities for communicating with the p op! in their own languages and, at the same time, make the viewers in one part of the country aware of the culture, tradition, development, etc. in other parts. In keeping with, this, there is a plan to have three-tier service comprising primary service, national service and local service. Each major State will have its own primary service in the language of the State, originating from the TV centre at the capital. This service will be available throughout the State. Programmes in national service will continue to be contributed by regional Kendras and the service will originate from Delhi, to be relayed by all transmitters in the country. The local service will be available for a limited duration of the primary channels transmitter, to cater for local requirements and events in culturally distinct, important parts of major States. In metropolitan cities, which have multi-lingual viewership with distinct cultural characteristics, local service requires lunger transmission time and hence separate transmitters.

2. Within the available resources, attempts have been made in the VII Plan proposals of Doordarshan to achieve the foregoing objectives. By the end of the VII Plan, all States and Union Territories (except Laksha-dweep, Dadra and Nagar Haveli)
